

Mission:

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Rick Scott
Governor

John H. Armstrong, MD, FACS
State Surgeon General & Secretary

Vision: To be the **Healthiest State** in the Nation

Are You Renewal Ready?

Point. Click. Record CE/CME.

Starting with license renewal cycles in 2015, Florida health care professionals are required by law to report continuing education/continuing medical education (CE/CME) course completion prior to renewing their licenses.

With less than thirteen days until license expiration, the department requests your assistance in reminding all pharmacists in your employ of their upcoming mandatory continuing education (CE) reporting cycle.

Pharmacist renewals began June 2015 for the cycle ending September 30, 2015. All CE hours must be reported into the continuing education tracking system in order to proceed with license renewal. At this time, 79.10% of licensees have reported CE completion.

If the practitioner does not have the hours to report, the license will move to a delinquent status at expiration.

- View current course history in the continuing education tracking system free of charge and search for Florida Board approved courses at www.CEBroker.com.
- To avoid any potential delays at renewal, practitioners may **self-report** CE/CME hours as they are completed.
- Renewal can easily be done online. Go to www.FLHealthSource.gov and enter User ID and Password. When renewing online, you will receive immediate confirmation that the renewal was received and processed successfully.
- While visiting www.FLHealthSource.gov, best practices for practitioners include verifying that contact information is accurate and up to date.
- Verify the status of the renewal by visiting our website [Http://ww2.doh.state.fl.us/IRMOOPRAES/PRASLIST.ASP](http://ww2.doh.state.fl.us/IRMOOPRAES/PRASLIST.ASP).

For questions, contact the Florida Department of Health at 850-488-0595 or email us at MQAReportCE@FLHealth.gov.
